As Junior stood at Seraphim's grave, his breath smoked from him in the still night air, as though he were a dragon..The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years..One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been..The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit..Otter hesitated and said, "Yes.".She thought all that, but she closed her eyes and said: "I'll be okay. Give me a second here, all right?".One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise.."Doesn't look so spooky to me." She turned the knave of spades so the baby

could see it. "Does he scare you, Barty?". Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty. He was filled with bitter remorse for having suspected Naomi of poisoning his cheese sandwich or his apricots. She had in fact adored him, as he had always believed. She would never have lifted a hand against him, never. Dear Naomi would have died for him. In fact, she had. In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive. "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read." "No," Otter said, and hesitated. He felt he owed this man an explanation. "See, it's not so much won't as can't. I thought of making plugs in the planking of that galley, near the keel-you know what I mean by plugs? They'd work out as the timbers work when she gets in a heavy sea." Hound nodded. "But I couldn't do it. I'm a shipbuilder. I can't build a ship to sink. With the men aboard her. My hands wouldn't do it. So I did what I could. I made her go her own way. Not his way." Leaning forward from his armchair, white hair as radiant as the wings of cherubim, Obadiah waved one misshapen hand over the deck, never closer than ten inches to the cards. "Now please spread them out in a fan on the table, facedown." As soon as he was alone, however, Junior yearned for the nurse to return. Alone, he felt vulnerable, threatened. He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow. Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. The living room no longer doubled as sleeping quarters. Perri's hospital bed had been taken away. Paul's bed had been moved to a room upstairs, where for the past three nights, he had tried to sleep. When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked--as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. As to the distressing matter of Seraphim's daughter, Junior at first decided to return to San Francisco to torture the truth out of Nolly Wulfstan. Then he realized that he'd been referred to Wulfstan by the same man who had told him that Thomas Vanadium was missing and was believed to be Victoria Bressler's killer. He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think." Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices--to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth. Luck favored Paul: The hero was here, having breakfast. He and two other men were deep in conversation at a corner table. Gradually, Agnes realized that this was not a prayer for the soul of a deceased infant but for the survival of one still alive. Regrettably, his radiant smile only emphasized, by contrast, the dire shortcomings of the face from which it beamed. Lumpish, pocked, wart-stippled, darkened by a permanent beard shadow with a bluish cast, this countenance was beyond the powers of redemption possessed by the best plastic surgeons in the world, which was no doubt why Nolly applied his resources strictly to dental work. The white padded eye patches rebuffed her, and she realized how profoundly the boy's double enucleation would affect how easily she could read his moods and know his mind. Here was a littler loss until now shadowed by the greater destruction. Denied the evidence of his eyes, she would need to be better at noting and interpreting nuances of his body language--also changed by blindness--and his voice, for there would be no soul revealed by hand-painted, plastic implants. Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home. Anyway, if Celestina escaped, there would be a witness, and it wouldn't matter to a jury that she was a talentless bitch who painted kitsch. She would have seen Junior get out of the Mercedes and would be able to provide at least a half-accurate description of the car in spite of the fog. He still hoped to pull this off without having to give up his good life on Russian Hill. A Description of Earthsea. When Junior checked his Rolex, he realized that he didn't know how long he'd been sitting here since Ichabod had driven off in the Buick. Maybe one minute, maybe ten. Not many men wore hats these days. Since his teenage years, Nolly had favored a porkpie model. San Francisco was often chilly, and he began losing his hair when still young. So keep moving. Don't get hung up on the disgusting aftermath. Keep whistling along like a runaway train. Clean up, clean out, roll on. In a cabinet above the bench, Junior found a pair of clean, cotton gardening gloves. He tried them on, and they fit well enough. Although, to her eyes, the natural world had an ominous cast this morning, she was also aware of its great beauty. She wanted Barty to store up every magnificent vista, every exquisite detail. "Me, I don't like anything old. This White chick's got a weird thing for old people, old buildings, old stuff in general. Like she doesn't realize she's young. You want to grab her, shake her, and say, 'Hey, let's move on,' you know?". He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone. sky grew sullen in the early twilight, and the city once more arrayed itself in the red gesso and gold leaf that had indirectly illuminated Celestina's apartment ceiling the previous night. He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street. "But what made you choose that life? You must have committed to the seminary awfully young." "Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss. His silent tears

accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain..Holding hands, Barty and Angel led the adults into the kitchen, to the back door. This procession had a ceremonial quality that intrigued Tom, and by the time they stepped onto the porch, he was impatient to know why everyone-except he and Wally-was emotionally airborne, one degree of altitude below euphoria..Now Junior threw back the covers and sprang out of bed. In double briefs, he restlessly roamed the hotel room.. "Because of a certain awareness you've had since childhood," Celestina said, recalling what he'd told her in San Francisco..Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction? ".Neighbors might not be home. And by the time he knocked, asked to use the phone, dialed ... Too great a waste of time..Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature..Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object..When he held fast to his sanity, common sense eventually told him that the coin must have been left much earlier in the night, soon after he had set out for Victoria's house. In fact, in spite of the new locks, Vanadium must have stopped here on his way to see Victoria, unaware that he would meet his death in her kitchen-and at the hands of the very man he was tormenting..As impressed as Agnes had been with the sample orbs that she'd been shown, she allowed no hope that the singular beauty of Barty's striated emerald-sapphire eyes would be re-created. Although the artist's work might be exquisite, these irises would be painted by human hands, not by God's..He pressed the muzzle of the weapon against the girl's forehead and said, "Naomi, Seraphim, you were exquisite lovers, but you've got to be realistic. There's no way we can have a life together..".He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs..No matter. He was a future-focused, focused man. The past is for losers. No, wait, humility is for losers. "The past is the teat that feeds those too weak to face the future." Yes, that was the line from Zedd that Junior had stitched on a needlepoint pillow..Edom felt uneasy in this kingdom of a strange god. The god that his brother feared was humanity, its dark compulsions, its arrogance. Edom, on the other hand, trembled before Nature, whose wrath was so great that one day she would destroy all things, when the universe collapsed into a super dense nugget of matter the size of a pea.
