In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete..Lipscomb turned to Celestina. "Before lapsing into semicoherence again, your sister said, 'Beezil and Feezil are safe with her,' which may sound less than

coherent to you, but not to me." He missed Naomi. She'd always known exactly the right thing to say or do, improving his mood with a few words or with just her touch, when he was feeling down. Refusing to give the cop the satisfaction of a reply to the news of the unborn baby's paternity, Junior stared unwaveringly into the grave and said, "Whose funeral were you attending?" In truth, he was terrified. Although his need for her company was so profound that it seemed to arise from his marrow, a part of him marveled and trembled at his dedicated pursuit of her. The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamon smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings. Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required." By the time Junior passed the three offices and found the men's room, Neddy had occupied it. The door was locked, which must mean this was a single-occupant john. "Here we are," said the driver, braking to a stop at the curb in front of the gallery. He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence. "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either." They were dining by candlelight. Vanilla-scented bougies stood on the sideboard, across the room, glimmering in glass chimneys, but Barty pointed instead to five squat red candles distributed through the centerpiece of pine sprays and white carnations. Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor. In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner. Almost thirty years from the seminary—even farther from it if measured by degrees of lost innocence, by miles of rough experience Tom Vanadium set out to kill a man. Given the chance to disarm Cain, given the opportunity to merely wound him, he would nevertheless go for the head shot or the heart shot, play jury and executioner, play God, and leave to God the judgment of his stained soul. The muscles of his legs grew as hard as any of the landscapes that he trod. Granite thighs; calves like marble, roped with veins. "Please try not to be alarmed, Miss White, but I have a patrol car on the way to your address." He threw away his necktie, because in the elevator, on the way down from Renee's—or Renee's—penthouse, and again on the walk back to his apartment, he had scrubbed his tongue with it. On further consideration, he threw away everything that he had been wearing, including his shoes. Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities—or whether something had gone wrong that might explain the quarter at the diner. "I can talk to you," he said to Salk. "You'll understand. She was hero, the only one I ever knew till I met you. I've read about them all my life, in pulp magazines and paperbacks. But Perri ... she was the real thing. She didn't save tens of thousands—hundreds of thousands of children like you've done, didn't change the world as you've changed it, but she faced every day without complaint, and she lived for others. Not through them. For them. People called her to share their problem, and she listened and cared, and they called her with their good news because she took such joy in it. They asked for her advice, and though she was inexperienced, really, so short of experience in so many ways, she always knew what to say, Dr. Salk. Always the right thing. She had great heart and natural wisdom, and she cared so much." Leashed like a dog, he walked along, sullen and shivering with sickness and rage. He stared around him, seeing the stone tower, stacks of wood by its wide doorway, rusty wheels and machines by a pit, great heaps of gravel and clay. Turning his sore head made him dizzy. "I'm interested in one of the smaller Griskins," said Junior, managing to appear calm, although his mouth was dry with fear and his mind spun with crazy images of the maniac cop, dead and rotting but nevertheless lurching around San Francisco. In January 1965, Magusson had sent Cain to Nolly as a client, not sure why the creep needed a private detective. That had turned out to be the business about Seraphim White's baby. Simon's warning to be careful of Enoch Cain had helped to shape Nolly's decision to withhold the information about the child's placement. Between Isleton and Locke, Junior first became aware of several points of soreness on his face. He could feel no swelling, no cuts or scrapes, and the rearview mirror revealed only the fine features that had caused more women's hearts to race than all the amphetamines ever manufactured. This consequence of rape, the baby, was less baby to Celestina than cancer, a malignancy excised rather than a life delivered. She had been no more impelled to study the child than she would have been, charmed to examine the glistening gnarls and oozing convolutions of a freshly plucked tumor. Consequently, she could remember nothing of its squinched face. The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at. Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature." Young boys, however, are not moved by scenery, especially not when their hearts are adventuring on Mars. Junior said, "I should know your name from the playbill at the lounge, but I'm as bad with names as you are good with faces." CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand. Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles. This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there. They came to the house in Boatwright Street after dark. They kicked the door in, and Hound, standing among the armed and armored men, said, "Him. Let the others be." And to Otter he said, "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was a little afraid of him. But Otter's distress was too great and his training too slight for him to think of using magic to free himself or stop the men's brutality. He flung himself at them and fought them like an animal till they knocked him on the head. They broke Otter's father's jaw and beat his aunt and mother senseless to teach them not to bring up crafty men. Then they carried Otter away. Everywhere in the fabled city, calves and knees and magnificent expanses of taut thighs were on display. This brought out the dreamy romantic in Junior, and more than ever he yearned desperately for the perfect woman, the ideal lover, the matching half of his incomplete heart. After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked

nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep..He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter..By Thursday, September 23, due to Junior's accident and surgery, the draft board-which had reinstated his I -A status after he'd lost the exemption that had come with his former job as a rehabilitation therapist-agreed to schedule a new physical examination in December..He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night..Celestina gave birth to Seraphim in '69, saw her painting on the cover of American Artist in '70, and gave birth to Harrison in '72..Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it.".They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate bad made children possible, and he treasured their relationship..PAUL DAMASCUS WAS walking the northern coast of California: Point Reyes Station to Tomales, to Bodega Bay, on to Stewarts Point, Gualala, and Mendocino. Some days he put in as little as ten miles, and other days he traveled more than thirty..Junior was glad for the chance to eavesdrop, not only because he hoped to learn the nature and depth of Vanadium's suspicions, but also because he was curious-and concerned-about the cause of the disgusting and embarrassing episode that had landed him here.. "You're one to talk," Celestina said. "Who was it told us they were sitting hand in hand on the front-porch swing."..Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage..Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours."..During those spells when she was too shaky to draw, she stood at the window, gazing at the storied city.. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers-doesn't matter what their religion."..Maybe he went a little crazy then. He wouldn't deny a brief, transient madness..Mechanics have reliably steady hands, yet Jacob's hands shook as he discarded two cards and slowly turned over the ninth draw..His profession was cocktail piano, though he didn't have to earn a living at it. He had inherited a fine four-story house in a good neighborhood of San Francisco and also a sufficient income from a trust fund to meet his needs if he avoided extravagance. Nevertheless, he worked five evenings a week in an elegant lounge in one of the grand old hotels on Nob Hill, playing highly refined drinking songs for tourists, businessmen from out of town, affluent gay men who stubbornly continued to believe in romance in an age that valued flash over substance, and unmarried heterosexual couples who were working up a buzz to ensure that their rigorously planned adulteries would seem glamorous..Though they had expected the cause of the explosion, both Paul and Harrison were halted by shock at the sight of all this ruination. They had expected to find the car jammed into the wall of the house, never this far inside. The speed required to penetrate this distance into the structure beggared Paul's skills of calculation and made him wonder if even recklessness and alcohol were sufficient to produce, such a catastrophe..She continued: "When we don't allow ourselves to hope, we don't allow ourselves to have purpose. Without purpose, without meaning, life is dark. We've no light within, and we're just living to die."..When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need."..Hunched over his desk, leaning forward conspiratorially, his piggy eyes glittering like those of an ogre discussing his favorite recipe for cooking children, Nolly said, "I've been able to confirm your suspicions.."Done," Agnes said. "Now put away the three dollars, and let's have our lesson before my water breaks."..Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew..dent? You do believe that? Because I don't see ... I don't know how could work with someone who thought I was capable of . . . ". "Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue..Briefly, Junior felt humiliated. He wanted to drag the detective out of the car and stomp on his smug, dead face..Now, twenty-four hours later, when Sparky answered his telephone and heard Tom Vanadium, he said, "You looking for a little company? I've got another bottle of Merlot where the last one came from."..Not all of the pins were knocked to the shear line with a single pull of the trigger. Three pulls were the minimum required, sometimes as many as six, depending on the lock.."Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned.".. "We'll need to talk about this a lot in the days to come, as we both have more time to think about it."..The moment he had seen the building in which Nolly maintained an office-an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor-Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs-no elevator-at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes..sky grew sullen in the early twilight, and the city once more arrayed itself in the red gesso and gold leaf that had indirectly illuminated Celestina's apartment ceiling the previous night..This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas..A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed

by underwear and other garments. Junior appropriated a box of 9-mm. cartridges..Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall..Rapt, frightened yet wonderstruck, Agnes leaned forward, squinting between the whisking wipers..Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road.. "Veal fit for kings," said their waiter, delivering the entrees, and one taste confirmed his promise..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..Although she had acutely felt the loss of Joey during the past three years, she had never missed him as much as she missed him now. Marriage is an expression of love and respect and trust and faith in the future, but the union of husband and wife is also an alliance against the challenges and tragedies of life, a promise that with me in your corner, you will never stand alone..Now, if Victoria reported to Vanadium that Junior had shown up at her door with a red rose and a bottle of Merlot and with romance on his mind, the demented detective would be on his ass again for sure. Vanadium might think that the nurse had misinterpreted the business with the ice spoon, but the intent in this instance would be unmistakable, and the crusading cop-the holy fool-would never give up.. "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?" "You'll catch pneumonia," she warned, reaching across the boy to flip the passenger's-side vent toward him.. "I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?"..sport shirt just for no reason at all, because she thought he'd look nice in it?".Soon he dispensed with picture books and progressed to short novels for more accomplished readers, and then rapidly to books meant for young adults. Tom Swift adventures and Nancy Drew mysteries captivated him through the summer and early autumn..One of the gifts of power is to know power. Wizard knows wizard, unless the concealment is very skillful. And the boy had no skills at all except in boat-building, of which he was a promising scholar by the age of twelve. About that time the midwife who had helped his mother at his birth came by and said to his parents, "Let Otter come to me in the evenings after work. He should learn the songs and be prepared for his naming day."
